What is his
calculated cost?
I shd like to know
the figure. Even
approximately.

Subd.

The Cost will approximately
be Rs 600/- as the list of
books showing the prices
will show. But it is not
certain that all the books
are available at present
some of them are rare
and are likely to be
out of stock. The list

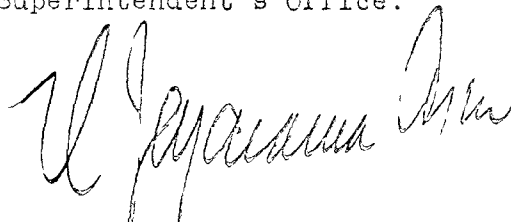

I solicit the sanction of Government
to purchase such of the books of the Ananda
Asrama Grantavali series as are available
and have not been already purchased for the
use of the Office Library. The books --
published by the Anandasrama Press, Poona
are all very important and useful and the
Agamiks of this office say that their want
is often felt. I also request permission
to place a Standing Order for the future
publications of the Press. as these are --
likely to be useful, judging from the ---
quality of the books that they have brought
out in the past. By the adoption of such
a course, we will be getting not only every
future publication for of its published
price, but also the books already published
at this concession rate.

Some other books published by Messrs
Lazarus & Co., Benares, Panini Office --
Allahabad, etc., specified in the appended
statement are also stated by the Agamiks
to be necessary and I request permission to
buy these books also.

By the addition of these books. our

our Library will become really valuable.

The cost of all these books can
be met out of the current year's contingent
grant of the Muzrai Superintendent's Office.
